DEDICATION

Yearbooks are usually dedicated to teachers so this year we have decided to continue that ritual by dedicating it to our first teachers, our parents. After all, it's our parents who coaxed the first few words out of our mouths, and it's our parents who shared in the excitement of our first few steps, even if we did fall a lot. It's our parents who shared in the excitement of our first few days of school, our first dances, not to mention our first dates.

By the time most of us finished grammar school, our parents decided to send us to Woodward, not necessarily because they had overabundant funds, but rather they wanted the best for their girls.

We often tend to forget to thank our parents for their love and faith in us. So now, it's our chance to make it up to them by saying, "Thanks for everything." Thanks for sending us to Woodward, thanks for being there when we needed you . . .

Thanks once again Mom and Dad,
Love,

A SPECIAL GOODBYE

In our years at Woodward, we have had a true friend in the office and that is our principal, Mrs. Gilford. She is a woman who demonstrates love and dedication. When we came to this school in 1973, it was only her second year as principal, yet she was in perfect control because she knew that the key was not only to be active in the school, but also to be enthusiastic with each girl.

Mrs. Gilford brought a new light to the school; she opened the door to girls who might not otherwise have been able to attend Woodward, by offering them scholarships.

Many changes for the better have come about during Mrs. Gilford's seven years here. For instance, there has been increased student enrollment and an enlarged faculty: Many interesting programs and classes were started that she was responsible for initiating at Woodward. Then there were always other things that she did for which she received little recognition. Examples are: baking dozens and dozens of pastries for the concerts, making pounds of fudge for the fair, forming the Mothers' Club, getting the school painted and panelled (even the senior room!), and the time she brought us all rings from Africa.

Mrs. Eunice Gilford is an interesting person, because she has a zest for traveling and for learning about new things. We realize her resignation is a form of moving on to new challenges and adventures. We respect her decision and wish her the best of luck, as we the Class of 1979 begin our venture into the world. Thank you, Mrs. Gilford, for everything you've done. The best of luck in the future.

Love,
The Class of 1979

FACULTY

All Through The year we've laughed and we've fought,
All through the year just what have you taught?
There's trig and there's Spanish and our favorite Shakespeare.
But is that what you've taught all through the year?
You've taught us to grow and you've taught us to live,
And you've taught each one of us it's better to give.
So to show you all how much we've learned,
We give you our love which you have earned.

MUSIC

Dear Seniors:

As we leave Woodward School together, I hope that each one of you will continue to live the rest of your life with enthusiasm, faith and optimism, creating opportunities rather than waiting for them to happen, finding even more joy in helping others than in living mainly for yourself, and using the many blessings you have been given rather than worrying about those you think you lack.

May you maintain an abiding belief in God and in the power of prayer thereby finding strength to meet adversity and grow through it, and always find joy in the beauty that surrounds you (the commonplace as well as the spectacular), and at all times have sufficient courage to stand for what is good, honorable and desirable, even if you must stand alone.

To all of these wishes, I add the most important of all — that you always enjoy the God-given gift of the love and devotion of your family and many friends while extending your own love even further, to all who need it, bearing in mind that "it is more blessed to give than to receive."

May the wonderful life I wish for you be yours to long enjoy!

FANTASIA

I dream of giving birth
to a child
who will ask —
"Mother, what was
war?"

Eve Merrian

Don't walk in front
of me,
I might not follow:
Don't walk behind me,
I might not lead:
Walk beside me —
and be my friend.

Ripples of water are like
people's lives.
They ripple for a while, then
fade away.

laughs its own fun,
dreams its own heaven,
shines its own sun.

BARBARA ANNE CAMDEN

Bye, Bye Baby, it's been a sweet love,
though this feeling I can't change.
Please don't take it so badly,
'cause the Lord knows I'm to blame.
If I stay here with you now,
things just couldn't be the same,
'cause I'm as free as a bird now,
and this bird you can not change.
Lynard Skynard

Like a bird in the wind,
Like a tree in the storm,
Like the breath of a child,
From the moment he's born,
'Till the very last day,
When the curtains are drawn,
We are children.

In Love In the Spring

Farewell, I say, with tearful eye.
Farewell, the dearest sweet to see!
Farewell, o'er all the kindest she!
Farewell, with heavy heart say I.
Farewell, my love, my soul good-by!

Two or three minutes — two or three hours,
What do they mean in this life of ours?
Not very much if counted as time,
But minutes of gold and hours sublime,
If only we'll use them once in a while,
To make someone happy — make someone smile.
A minute may dry a little lad's tears,
An hour sweep aside trouble of years.
Minutes of my time may bring to an end
Hopelessness somewhere, and bring me a friend.

is patient and kind; love is not jealous, or conceited, or proud, or provoked; love does not keep a record of wrongs; love is not happy with evil, but is pleased with the truth. Love never gives up; its faith, hope and patience never fail.

PROPHECY

PATTI BAGEN has been the executive secretary to the president of Grossmans for three years now. Although she and Nick were married last year, she plans to keep working for at least a few more years. Her boss told her that he was afraid if she left, the company would fall apart.

BARBARA CAMDEN has been working in her career of social work for six years. She works at a center for young, emotionally unstable children. She has found a successful concept for which she is most famous. She has helped these children by convincing them that they are all freebirds.

CAROLYN CONSER has been very busy these past 5 years in her profession, architecture. Her favorite project is the one she is currently working on. It is promising to make the history books. She is extending the Ocean City Boardwalk from New Jersey to Hingham.

DINAH DAUKANTIS is now the proud owner of a fast food, health food store. It is best known for its wheat germ on a bun, vitamin frappes, whole wheat fries, and yogurt popsicles. You have probably heard her slogans on the radio. "Hold the red meat, hold the preservatives, hold the sugar, hold the calories, all we ask is that you have it healthy."

LYN MADDEN has worked very hard, on her own, developing her natural flair for photography. These past two years she has started to sell to magazines. You probably know her best for her photographs of Spain on the cover of *Time,* last spring.

JUDY MORRIS is one of today's leading vocalists. Her two smash hits are the revised, "I Am Woman", and "I Don't Know How to Love Him." It has been said that Judy could be a millionaire today, if she would only record or perform on a day, other than Wednesday.

ROBIN NORTHUP, now known as Mrs. Stephen D' Ampolo, together with her husband, has opened "Family Breakfast, Family Lunch, Family Dinner and Family Munchies," where her seven children are employed.

SUSAN RIDGE became very active in sports during college. She is now captain of the first professional women's baseball team. There are now 12 teams in the league around the country, and Sue holds records in every category. She outfitted her team in uniforms from "Kay's" and the team is known as the best dressed sporting team in the world.

SYLVIA SANCHEZ has been flying the friendly skies for six years now. She knows every state, the Carribean, Bermuda, Europe, and the Orient inside out. She is known all over the world as the singing stewardess. United says that since Sylvia joined their crew, business has picked up 100%!

EILEEN SPILLANE's name hit the front page of every newspaper last year when she dug up all the facts that led to the president's impeachment. She now has her own magazine. However, she had to give up doing her own photography because for some odd reason, all the pictures always came out of herself.

Are those bugs?

THE LONG AND WINDING ROAD

The long and winding road
that leads to your door,
will never disappear
I've seen that road before
it always leads me here,
leads me to your door.
The wild and windy night
that the rain washed away
has left a pool of tears
crying for the day.
Why leave me standing here?

Let me know the way.
Many times I've been alone
and many times I've cried.
Anyway you'll never know
the many times I've tried;
but still they lead me back
to the long winding road.
You left me standing here
a long long time ago.
Don't leave me waiting here,
lead me to your door!!!

ONE MORE THING BEFORE WE GO

We all remember that first day in September when we couldn't wait to begin the yearbook. We all walked into the yearbook class full of ideas, and most of them were over our budget.

In the first deadline we had to do our senior pages. Mrs. Manning was ever present to help crop pictures, to plan our layouts, and most importantly to offer us encouragement when we thought we'd never meet the deadline.

In the next shipment 48 pages were due, and we just couldn't seem to agree what should go on them. Once again Mrs. Manning came shining through telling us that we would have to compromise.

On a cold day in January, after staying after school until 4, we finally finished the 48 pages; and we were very much relieved.

With one more shipment to go, more problems arose, such as should we add eight more pages?, and will we have enough money to pay for the printing cost?

Finally February 16th, the class of 1979, with a lot of help from Mrs. Manning finished this yearbook.

Mrs. Manning, we want to thank you for always being there to make us laugh and to reassure us!

We love you, Mrs. Manning!!! Thanks again, the class of 1979!!
